

Safe places to cross the road

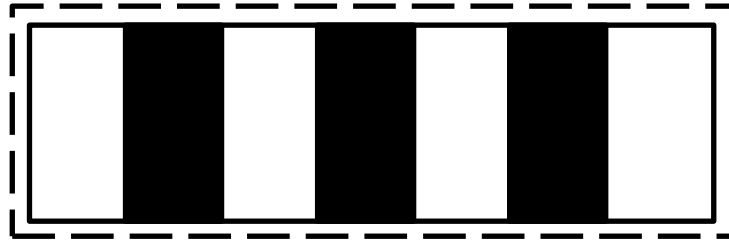

Teacher notes:

1. Print the following two (2) pages - single sided
2. Cut out street scene and sticky tape together – the top image goes to the left of the bottom image
3. Cut out the traffic warden, cross walk and traffic lights
4. Discuss with students the importance of looking for a safe place to cross
5. Students are to put the 'safe places' to cross on the street scene
6. Cut out the shoe prints
7. Discuss with students where their feet should stop before crossing the road
8. Discuss other important steps to crossing the road safely e.g. Stop, look, listen and think
9. The students are to place the footprints to showcase the safest pathway to school

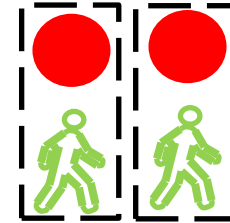

Safe places to cross the road
