

Post main lesson plan

Topic: Driveway safety

Year: Pre-Primary

Title: Driveway, no play

Duration: 50 minutes

Western Australian Curriculum links

Health and Physical Education

Strand: Personal, Social and Community Health

Sub-strand: Being healthy, safe and active

Content:

Protective behaviours to keep safe and healthy: saying 'no'; moving away; telling an adult; asking for help

Sub- strand: Communicating and interacting for health and wellbeing

Content:

Personal and social skills to interact with others: expressing needs; wants and feelings; active listening self - discipline

Sub –strand: Contributing to healthy and active communities

Content:

Actions that promote health, safety and wellbeing, such as following safety symbols and procedures

English

Strand: Literacy

Sub-strand: Interacting with others

Content:

Use interaction skills including listening while others speak, using appropriate voice levels, articulation and body language, gestures and eye contact

Lesson Objectives:

- Students compare safe and unsafe places to play
- Students create a driveway safety spot
- Through the use of observation, students identify that not all people can be seen easily

Materials/ Equipment:

- Computer
- Smartboard / Whiteboard
- Download 'driveway safety interactive' worksheet
- Outdoor markers/cones
- Print **front to back** (double sided) a class set of the 'Driveway safety star' worksheet
- Colouring pencils
- Scissors

Time	Content
5 mins	<p>Introduction:</p> <p>In today's lesson we are going to talk about the dangers of driveways.</p> <ul style="list-style-type: none"> - When I say the word danger, or unsafe, what could I be talking about? - Why are driveways a dangerous place to play? - What could happen if you choose to play in the driveway? - How might you feel if you were hurt because you chose to play in the driveway? How might your family feel if you were hurt? What are some of the things you would miss out on if you were hurt while playing in the driveway? <p>Let's see if we can pick the difference between safe and dangerous / unsafe places</p>
10 mins	<p>Activity 1: Driveway interactive whiteboard worksheet</p> <ul style="list-style-type: none"> - The teacher is to open the 'driveway safety interactive worksheet' - Teacher is to follow instructions on worksheet and also engage in a class discussion (see teacher notes on the 'driveway safety interactive worksheet') - Students repeat the saying 'driveway, no play!' - Ask students to suggest places they could play instead of on or near the driveway
20 mins	<p>Activity 2: Can't be seen game</p> <ul style="list-style-type: none"> - Students are going to be heading outside to play a game - Use the markers/cones to create a large circle - Ask each student to stand beside each marker (except for one student) - Ask the remaining student to stand in the middle facing the teacher. They are going to pretend they are in a car - The student in the middle must look straight ahead at the teacher and say the student's names that he/she can see. The student must not turn their head to the side - This activity demonstrates that when people are in a car sometimes other people cannot be seen - See diagram below: Teacher in orange, selected student pretending to be a car in purple and the rest of the class in blue <div style="text-align: center;">  </div> <ul style="list-style-type: none"> - Discuss how this could be similar to being in a driveway - Students repeat the saying 'driveway, no play!' - If time permits, move students around and select a different person for the middle position

10 mins	<p>Activity 3: Driveway safety spot/star</p> <ul style="list-style-type: none">- Students describe safe and unsafe situations in the driveway- Introduce the driveway safety star- Show the students the driveway safety star worksheet- Ask students to list examples for safe places at their home for them to wave cars goodbye e.g. at the front door, on the steps etc.- Remind students the saying 'driveway, no play!'- Student decorate their driveway safety star
5 mins	<p>Conclusion:</p> <p>Wow! We have learnt a lot this lesson. We now know that driveways can be dangerous.</p> <ul style="list-style-type: none">- What don't we do in driveways?- Where are good places to play?- What are we going to do with our safety star?
