

## Safety Door Exit Hanger Instructions

### Materials:

- Coloured copy of Safety Door Exit Hanger template
- Scissors
- Colour pencils
- Hole punch
- String/ribbon
- Glue

### Steps

**Step 1:** Decorate your Safety Door Exit Hanger. Be sure to include:

- the word 'EXIT'
- a drawing of a footpath or curb
- a pair of eyes to remind you to look before exiting the car

**Step 2:** Using a pair of scissors, cut out along the black lines, as carefully as possible.

Remember to always ask an adult before using scissors.

**Step 3:** Fold along the purple lines in a backwards motion.

**Step 4:** Fold the purple line downwards where the two orange circles are located, ensuring the circles are back to back. Using the hole punch, place over the orange circle and push to create a hole.

**Step 5:** Place glue where the word 'Tab' is written.

**Step 6:** Glue the tab with the square that is closest to them.

**Step 7:** Using a piece of string or ribbon thread through the hole.

**Step 8:** Tie the cube on the back left hand side passenger door handle
