

Being Road Safe

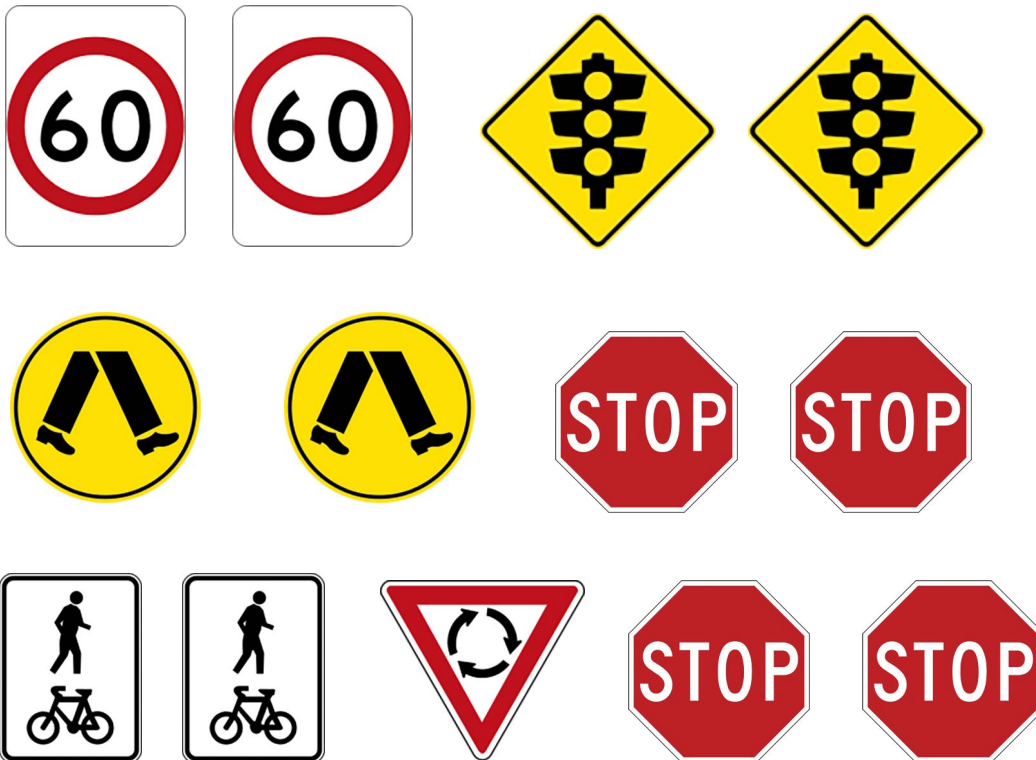

Lower Primary

Activity 5: Make a road map with road rules

Cut out the pieces on the following pages to create your own road map. Write 5 road rules for your map, making sure they fit in with the signs you have used. If you have some Lego at home, why not build a city to add to your map!

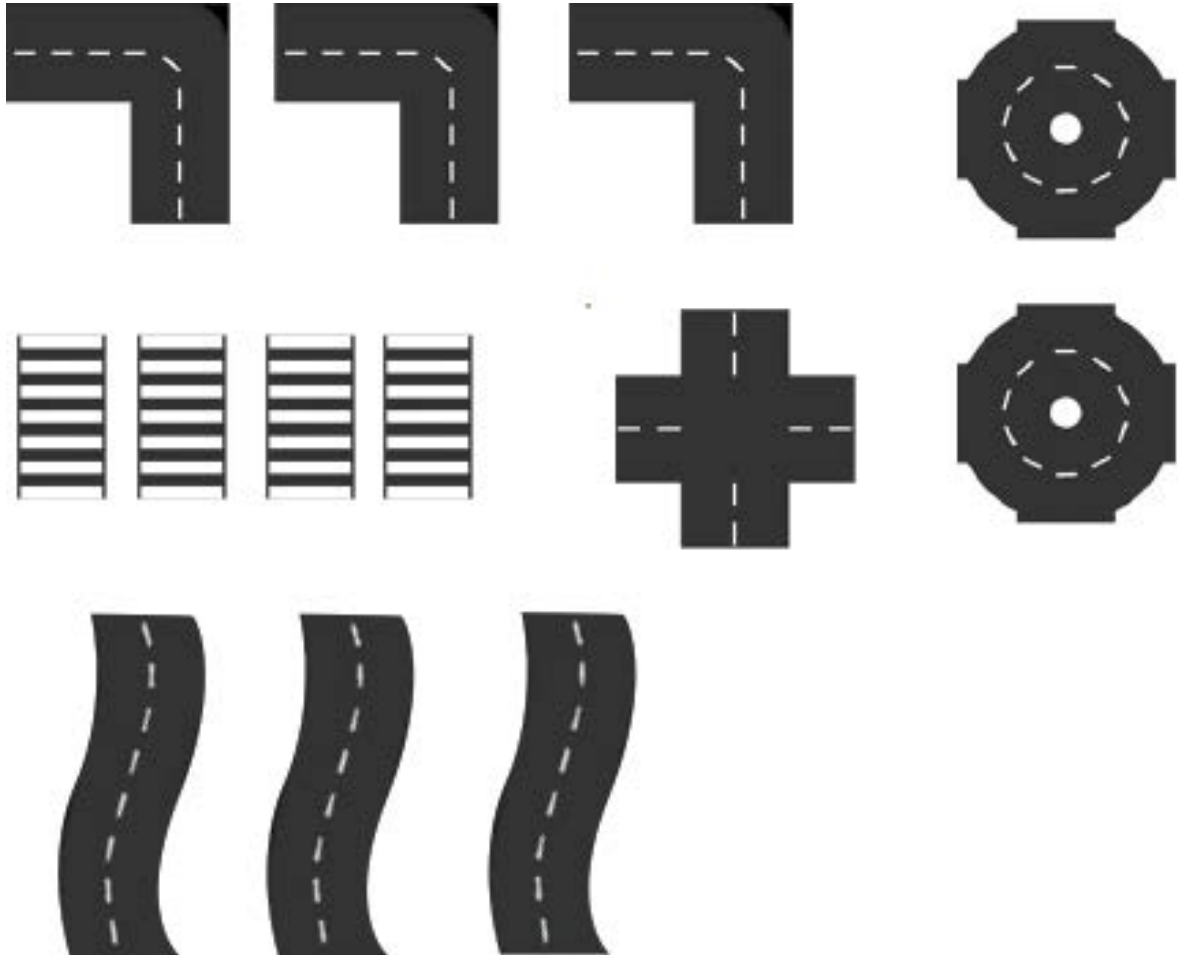

Tips

- » Transfer the cut out pieces onto cardboard for durability
- » Remember, pedestrians need a safe place to walk
- » Use pegs to stand your signs up

Being Road Safe
