

## Guide: How to create a group

### Connect with the people you care about

Invite your family and friends to join your group and share their location. Whether it's for making plans or checking in, location sharing offers peace of mind wherever you go.

#### INVITE YOUR LOVED ONES

1. Go to the home screen, open the drawer and select **Invite new members**.

**Invite new members**

2. Share your **unique 6-digit code** with the person you want to connect with.
3. Once the person has accepted, you can admit them to the group in **Group settings**.

You can also create a new group or modify an existing one. Simply select the three dots, tap **Join or create new group** and follow the prompts.
