Information to have ready

So we can assist you as quickly as possible, please have the following ready when you call:

- > **Location details** - take note of your nearest street corner or any significant landmarks. If you have a Smartphone or a Sat Nav that provide GPS Co-ordinates, please use this as this will allow us to pinpoint exactly where you are. You can also download applications that provide GPS Co-ordinates; and

After calling us, we will let you know when a Patrol is on their way via SMS (where service is available). Please make sure you are present with the Vehicle or at a pre-determined meeting point when RAC arrives.

Note based on where your vehicle is located we may need to tow the vehicle to a safer location first before providing further assistance.

If you no longer require assistance please let us know immediately, otherwise additional charges may apply.

Who is eligible for service?

To be eligible for Roadside Assistance the motorised registered Vehicle must be either the Nominated Vehicle that is covered by your Roadside Assistance Cover or, with Ultimate or Ultimate Plus you have Personal Cover (covering you for any Vehicle you are either driving or are a passenger in, up to a maximum of four (4) Vehicles per year).

Roadside Assistance Cover entitlements are summarised below -

Cover	Nominated Vehicle	Personal Cover
Standard	✓	✗
Classic	✓	✗
Ultimate	✓	✓
Ultimate Plus	✓	✓

Members with Personal Cover may be asked to present Suitable Identification at time of service. In addition to Standard Roadside Assistance benefits, free2go Members are eligible for Roadside Assistance on any Vehicle driven by them during the first year of membership. Please refer to page 15 for further details on coverage.

Roadside Assistance does not cover vehicles used for commercial or business purposes.

When do your benefits become available?

Roadside Assistance benefits (including Breakdown Towing and Extended Benefits) are subject to a 48 hour Waiting Period. When joining in a Breakdown situation upon payment of the Join on Road and Fees, RAC will provide Roadside Assistance excluding Extended Benefits and Car Hire (post a Tow).

Note a 48 hour waiting period applies to your new level of cover when you upgrade your Roadside Assistance Cover.

How Roadside Assistance can help?

In the event of a Breakdown where the Vehicle cannot be driven, RAC will assess and provide the appropriate service(s) detailed below within your cover limits.

The below services are provided 24 hours a day, seven days a week in the Metropolitan Area and in Regional Centres, and as soon as reasonably possible in Country Areas. RAC will provide you with an estimated timeframe to attend a Breakdown in Country Areas when requesting assistance, where possible.

Within the Metropolitan Area, there are no limits to the distance RAC will travel to provide Roadside Assistance. Outside this area, an RAC Contractor will provide service as soon as possible by travelling the most direct/feasible route from their base to your Breakdown location and return to the below maximum limits:

Roadside Assistance Distance Limits		
Cover	Metro Area (incl. Mandurah)	Country Area
Standard	Unlimited	Up to 80km round trip
Classic	Unlimited	Up to 200km round trip
Ultimate	Unlimited	Up to 200km round trip
Ultimate Plus	Unlimited	Up to 300km round trip

If an RAC Contractor is required to travel additional kilometres that exceed the above Distance Limits for your Roadside Assistance Cover, you must pay the RAC Contractor an additional fee at the time of service, which will be quoted when the Job is being dispatched.

Flat Battery

In event of a flat battery, we will utilise our testing equipment to diagnose the battery condition. RAC will then either provide a jump-start or deliver and install a new RAC battery, at your cost. Battery availability may be limited in Country Areas.

Out of Fuel

If your Vehicle is immobile due to lack of fuel, RAC will provide you with up to 5 litres of regular unleaded or diesel fuel, at your cost, to enable your Vehicle to be driven to a fuel outlet. In the event that fuel cannot be supplied (including LPG Vehicles) a Tow to the nearest fuel outlet will be supplied, within your Towing Limits, and any fuel purchased will be at your cost.

If you are an Ultimate Plus Member, RAC will provide regular unleaded or diesel at no charge up to a maximum entitlement of \$50 per year. Adequate fuel will be provided in each instance, up to the \$50 entitlement, to get you to a fuel outlet. This fuel provision will be provided up to your Annual Entitlement Limit.

Wheel Change

RAC will assist you to replace a flat or damaged tyre with a suitable roadworthy spare wheel provided by you. Where specialised anti-theft locking wheel nuts are fitted the member must supply the tool to enable removal. If your Vehicle is equipped with manufacturer's gel sealant RAC will provide assistance utilising the supplied repair kit. Wheel changing is limited to Vehicles less than 4 tonnes (as loaded).

If suitable tyres are not available, or where the surrounding conditions make it unsafe to fit a tyre at the Breakdown location, the Vehicle will be Towed in accordance with your Towing Limits. Any special equipment or specialised Service Provider that may be required will be at your cost.

Roadside Assistance will not be provided if tyre impact damage has occurred as a result of an Accident and/or malicious damage due to the potential for mechanical damage to the Vehicle.

Lockout/Locksmith

If RAC is unable to unlock your Vehicle or if the keys are lost, stolen, or damaged or the driver's door, fuel cap or ignition lock is damaged preventing the Vehicle from being mobilised or secured. RAC will provide **one** of the following services up to your Annual Entitlement Limit (subject to satisfactory proof of ownership shown):-

- > Organise a locksmith to attend (see coverage limit below), or
- > Tow the Vehicle within Towing Limits to a motor dealer or other location (see Towing Limits table on page 9).

Locksmith service (limit one per year)

Standard	At member's cost
Classic	Up to the value of \$165
Ultimate	Up to the value of \$165
Ultimate Plus	Up to the value of \$200

Every attempt will be made to provide locksmith services as required, however they are dependent on availability.

Attempting to gain entry to your Vehicle by any other means other than a key or keyless transponder can result in damage to your Vehicle. RAC and all RAC Contractors will not accept liability for any damage caused as a result of gaining entry or attempting to gain entry to your Vehicle.

Minor Mechanical Repairs

RAC will provide limited mechanical repairs to mobilise your Vehicle utilising the spare parts and supplies within an RAC Patrol vehicle. The cost of all parts and supplies is payable by you at the time of the service.

RAC prides itself on providing quality products and services. To achieve this we only supply and fit compatible parts that meet or exceed regulatory requirements, Australian Standards and original manufacturer's specifications, this includes a combination of either genuine (OEM specific) or aftermarket (generic) parts depending on the application.

Breakdown Towing

If we are unable to get your Vehicle going we will arrange for your Vehicle to be Towed to a place of safety or repair within the Towing Limits outlined:

Roadside Assistance Towing Limits		
Cover	Metro Area (incl. Mandurah) from point of breakdown	Country Area round trip from Country Service Provider
Standard	10km	80km
Classic	100km	200km
Ultimate	100km	200km
Ultimate Plus	200km	300km

The following maximum dimensions exist for towing your Vehicle, Caravan or Trailer and its load on the tow truck tray:

Length	Weight (as loaded)	Width	Height
5.5m	4 tonnes*	2.5m	3.3m

*Note outside the Metropolitan Area towing availability maybe restricted over 2.5 tonnes (as loaded).

If your Caravan requires towing and cannot be towed behind the towing vehicle, then an excess may apply when it is greater than dimensions outlined above.

If your Vehicle, Caravan or Trailer requires additional kilometres to be travelled that exceed the above Towing Limits for your Roadside Assistance Cover or the maximum dimensions, you must pay the RAC Contractor an additional fee at the time of service, which will be quoted when the Job is dispatched.

If your Vehicle is low or modified and requires Special Towing Equipment to facilitate the Towing, you must pay the RAC Contractor an additional fee at the time of service, which will be quoted when the Job is dispatched.

Please note that for legal reasons, RAC is unable to transport children under the age of 4 in a tow truck. Children aged between 4-7 years can travel in a tow truck if the member supplies a booster seat. Further details are provided on page 24.

Subsequent Tow for the Same Breakdown

When a Vehicle cannot be Towed to your nominated licensed repairer at the time of Breakdown as it is outside normal business hours, a second Tow will be provided within your Towing Limits. Note this benefit is not available for Standard Roadside Assistance members or vehicles already quoted or under repair at a repair workshop. Additional Towing fees will apply.

Taxi (post a Tow)

If your Vehicle has to be Towed by RAC following a Breakdown and the Tow truck is unable to accommodate you and your passengers to your destination, we will arrange and pay for one taxi to the maximum limits below up to your Annual Entitlement Limit:

Cover	Taxi service (limit per incident)
Standard	At member's cost
Classic	Up to the value of \$55
Ultimate	Up to the value of \$55
Ultimate Plus	Up to the value of \$100

Every attempt will be made to provide taxi services as required, however they are dependent on the availability at the time of booking.

Car hire (post a Tow)

If you are within 100kms from home and your Vehicle has to be towed and cannot be repaired within 24 hours according to a licensed repairer, RAC will provide a hire car up to the below limits within your Annual Entitlement Limit:

Cover	Car hire (limit per Incident)
Standard	Not available
Classic	Not available
Ultimate	3 days (\$110 daily limit)
Ultimate Plus	5 days (\$150 daily limit)

If you are towing a Caravan or Trailer

If your Vehicle breaks down when towing a caravan or trailer and cannot be mobilised at point of breakdown, RAC will provide one Tow covering your Vehicle, and Caravan or Trailer (as applicable) within Towing Limits outlined in the Towing Limits table. If the Member is eligible for Extended Benefits and wishes to utilise their Caravan as accommodation, RAC will deliver to the nearest caravan park with availability on route to the mechanics base.

If your Caravan or Trailer is disabled when being towed by your Vehicle, towing will be provided within Towing Limits as outlined in the Towing Limits table. Should Special Towing Equipment or additional time be required in preparing for Towing, you must pay the RAC Contractor an additional fee at the time of service, which will be quoted when the Job is dispatched.

RAC does not cover your Caravan or Trailer for:

- > Extended Benefits described on pages 12;
- > Towing trailers with live stock or pets;
- > Relocation, agistment or temporary accommodation of livestock or pets;
- > Subsequent Tow for the same Breakdown; and

Roadside Assistance services (detailed on pages 7-9) are limited to minor repairs or adjustments.

Note Standard Roadside Assistance does not provide cover for Caravan or Trailers.

Safety Policy

Please note the following Roadside Assistance Safety Policy of the RAC. The RAC recognises that the safety and health of the RAC, Members and the public is paramount when mobilising a Vehicle. Where the decision is made to mobilise the Vehicle (and avoid any immediate safety and health risk) the incident may be reported by the RAC to the police.

17. **Rallies, Races:** Roadside Assistance does not cover Vehicles which are in organised events such as rallies or racing, including all events on non-Trafficable Roads. Roadside Assistance covers Member's Vehicles involved in organised club events on Trafficable Roads (provided the usual road rules apply to the event).
18. **Reimbursements:** If a Member is assisted by a Service Provider or supplier of Annual Entitlement benefits and is required to pay for the service, the Member may apply in writing with tax receipts to RAC within three months for reimbursement of the appropriate RAC allowance. Reimbursements are not made if the nearest RAC Contractor was available or where the Member did not contact the RAC before utilising the Service Provider. Reimbursements will be paid at the applicable rates at time of Breakdown.
19. **Remaining with the Vehicle:** You must be present with the Vehicle or at a pre-determined meeting point when an RAC Contractor or RAC Patrol arrives. Incorrect or incomplete information about your location may result in delay. If you are not available when the RAC Contractor or RAC Patrol arrives, they will only wait a short period before proceeding to the next job. Future call outs for the same Breakdown will be considered an additional separate call out and additional charges may apply. RAC accepts no responsibility or liability for damage, loss or theft to your Vehicle or its contents if you leave the Vehicle unattended at any time.
20. **Response Time:** Roadside Assistance will be provided as soon as practicable, but response time is not guaranteed and may vary, depending on the location of the Vehicle and demand for Roadside Services.
21. **Service on Commercial Vehicles:** Roadside Assistance does not cover vehicles used for commercial or business purposes. Customers can contact RAC BusinessWise to arrange cover specific to their needs by calling 13 17 03.
22. **Special Towing Equipment:** If any Special Towing Equipment is required an excess charge may be applied, payable by the Member at the time of service.
23. **Statutory Warranties:** Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

24. **Subsequent Country Repairs:** The cost of subsequent repairs undertaken by an RAC Contractor or Service Provider at the relevant provider's workshop is payable by you to the RAC Contractor or Service Provider at the time of service. If the RAC Contractor or Service Provider is unable to effect repairs, you must pay the cost of Towing the Vehicle to another repairer and the cost of any further repairs. You are under no obligation to have any workshop repairs carried out by the RAC Contractor. There is no guarantee that repairs will be immediate, or the necessary parts will be in stock at the RAC Contractor's registered business address.
25. **Tow Trucks - Transport of Children 7 years and under:**
Under 4 years of age: For legal reasons the RAC is unable to transport any children up to the age of 4 in a tow truck as there are no anchor points installed in commercial vehicles that allow for the fitting of approved child restraints. Alternative transport will be required in all instances of children aged under 4, which may be covered depending on your level of Roadside Assistance cover.
Ages 4 to 7: In instances where a child is aged between 4 and 7, and the member has a child booster seat available for placing in the tow truck, then it will be acceptable for the child to travel in the tow truck. If however, the member does not have a booster seat available we will be unable to transport the child and alternative transport will be required, which may be covered depending on your level of Roadside Assistance cover.
26. **Unsealed and non Trafficable Roads:** Breakdowns which occur on Unsealed or non Trafficable Roads will be attended at the discretion of the RAC or RAC Contractors, with any excess cost payable by the Member at the time of service.
27. **Vehicle under Repair:** Roadside Assistance does not include maintenance repairs. Roadside Assistance is not provided to Vehicles already or quoted under repair or at a repair workshop. Roadside Assistance will not be provided to Un-roadworthy Vehicles or Unregistered Vehicles
