### **What you must tell us before you enter into or vary this insurance contract**

Before you enter into or vary an insurance contract, you have a duty of disclosure under the Insurance Contracts Act 1984. If we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

You have this duty until we agree to insure you.

### **What you must tell us before you renew this insurance contract**

Before you renew this contract of insurance, you have a duty of disclosure under the Insurance Contracts Act 1984. When you renew your policy we may give you a copy of information you have previously told us.

If we provide you with a copy of your information, you must contact us if there has been a change. If there have not been any changes, you must tell us. If you do not contact us, you will be taken to have told us there is no change.

Also, if we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

You have this duty until we agree to renew the contract of insurance.

### **Who needs to tell us and why**

It is important that you understand you are answering our questions in this way for yourself and anyone else whom you want to be covered by the policy. We will use the answers in deciding whether to insure you and anyone else to be insured under the policy, and on what terms.

### **If you do not tell us something**

If you do not tell us anything you are required to tell us, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both. If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

## What we exclude

Make sure you read what we exclude carefully so you know what your policy doesn't cover. Our aim is to clearly show you what we do and don't cover so there are no surprises when you need to make a claim.

### Specific exclusions

The specific exclusions apply to certain parts of your cover for your pet and are shown as crosses (✘) in the section that sets out your cover.

### General exclusions

The general things we exclude under your policy are known as general exclusions and are shown on pages 23-26.

## What we pay

### Illness and injury cover

Under the 'Illness and injury cover' we pay 80% of approved vet costs, less any relevant excess up to the annual limit. The annual limit of \$12,000 is the maximum we will pay for each pet in the period of insurance.

- » For example, if your approved vet costs come to \$1,000, you can claim 80% on these costs. This equals \$800 less any relevant excess. If, for example, your excess is \$100 we will pay you \$700 and you will still have \$11,300 of your annual limit available for any future claims in the period of insurance.

### Extra and optional benefits

Under the extra benefit 'Emergency boarding costs' and the optional benefit 'Tender Loving Care', we pay 100% of approved vet or other costs up to the applicable annual limit. You don't need to pay any excess under these benefits.

- » For example, under the benefit 'Tender Loving Care' you can claim your pet's council registration or microchipping. The annual limit of \$100 is the most you can claim in any period of insurance under this optional benefit.

Under the extra benefit 'Euthanasia costs' we pay 80% of approved vet costs to euthanise your pet, less any relevant excess. We pay this benefit as part of your 'Illness and injury cover' annual limit of \$12,000.

What we pay for your claim is based on the following:

- » whether your policy covers your pet's illness or injury or the treatment it receives,
- » whether the vet or other costs were required and reasonable as assessed by us,
- » the annual limit that applies to the vet or other costs you are claiming for,
- » whether any excess applies to your claim and how much your excess is,
- » other limits, specific exclusions or general exclusions that apply to your cover.

See pages 31-33 for more details about what we pay including how we settle your claim.

### Limits

The annual limit is the maximum amount we pay for each pet under various parts of your cover during the period of insurance for all claims you make.

See pages 17-21 for the limits that apply to the various parts of your cover.

## **Policy conditions**

### **Contract between you and us**

Your insurance policy is a legal contract between you and us. We agree to give you the cover set out in your policy for the premium you pay us.

### **More than one policyholder**

If more than one person is named as the policyholder on your Schedule, then each person is responsible for:

- » the completeness and accuracy of information in any application forms, statements, claims or documents that are provided by any one of the policyholders to us,
- » complying with the policy conditions.

### **Authorisation**

If more than one person is named as a policyholder on your Schedule, then any one policyholder will be taken to be authorised by all policyholders to transact on the policy (including to change or cancel your policy).

### **Your premium**

Your premium is the amount you pay us for the cover we provide under your policy. The Schedule shows your premium amount and whether you are paying annually or by monthly instalments if you choose that option.

### **Amounts shown**

All policy limits and amounts shown in this document include any compulsory government statutory charges, levies, duties, Goods and Services Tax (GST) and other taxes that may apply.

In some parts of this document, we give examples to explain how your policy works. In those examples, the \$ amounts we show include any government statutory charges, levies, duties and GST. If we pay a claim similar to one of our examples, then we will reduce the actual amount we pay for that claim by the amount of any Input Tax Credits (ITCs) that the policyholder is entitled to claim – see page 32.

### **When your policy starts**

When you pay the annual premium or first monthly instalment, then your policy starts on and from the time and date shown on your Schedule.

If you renew your current policy, then your policy for the new period of insurance starts at 4:00pm on the day the previous period of insurance ended.

### **General policy conditions**

General conditions apply to your policy – see pages 39-41. It's important for you to know about those conditions. If you don't comply with any policy condition or term of your policy, it may affect whether we pay your claim or how much we pay for your claim if we decide to pay it.

## Special policy conditions

We may agree to waive a pre-existing condition that your pet had:

- » before you applied for cover, or
- » during any applicable waiting period.

If we agree to do that, we will set out any special policy conditions in your Schedule. For more details about asking us to review a pre-existing condition for your pet, see page 15.

## Documents that make up your policy

Your policy includes the following 3 key documents. Those documents show the conditions that apply to your policy. Please read the documents carefully and keep them in a safe place.

### Schedule

Your Schedule shows the type of policy you have with us and also shows these specific details that apply to your policy:

- » pet details,
- » policyholders' address,
- » period of insurance,
- » any optional benefit you've chosen,
- » the annual limits that apply to your policy,
- » any special policy conditions that apply to your policy,
- » any excess that applies to your policy, and,
- » the premium you need to pay.

We give you a Schedule when you take out a new policy, renew a current policy or make a change to your policy. When you receive your Schedule, you should check the details to make sure they are correct.

### Combined Product Disclosure Statement and Financial Services Guide

The Combined Product Disclosure Statement and Financial Services Guide sets out:

- » the policy conditions that apply to your policy including what we do and don't cover, the exclusions that apply under your policy and what we pay when you make a claim; and
- » important information about who RAC Insurance and RAC Distribution act for, the services they offer, the remuneration paid and received, potential conflicts of interest and how complaints are dealt with.

We give you a Combined Product Disclosure Statement and Financial Services Guide with your Schedule when you take out a new policy with us. You can download a current copy of the Combined Product Disclosure Statement and Financial Services Guide from [rac.com.au](http://rac.com.au)

### Supplementary Product Disclosure Statement

If we need to make a change to the Combined Product Disclosure Statement and Financial Services Guide conditions, we may issue a Supplementary Product Disclosure Statement which sets out the change.

We give you a Supplementary Product Disclosure Statement if we make a change to the Combined Product Disclosure Statement and Financial Services Guide.

# Your pet

## What we cover as your pet

We cover the pet that is shown on your Schedule.

✓ Cats.

✓ Dogs.

We do not cover any other type of pets. For example, your horse.

Your pet must have been over 8 weeks old when your first policy started.

For us to cover your pet for an illness and injury, it must be under 9 years old when your first policy started.

## Caring for your pet

You must take good care of your pet by taking steps to prevent it from getting ill or injured.

That includes:

- » giving your pet treatments to prevent fleas, heartworm and worms,
- » regularly washing your pet,
- » giving your pet food and fresh water every day,
- » regularly exercising your pet.

If you don't care for your pet as set out in this section, then we may not cover your pet or may refuse or reduce what we pay for a claim. For more details, see the general exclusion 'Not caring for your pet' on page 25.

## Waiving a pre-existing condition for your pet

We don't cover your pet for a pre-existing condition it had before your first policy started, or during any applicable waiting period for that pet. However, you may ask us to waive a pre-existing condition for your pet as long as your pet has been free of that condition for the last 18 months.

To do that:

- » your vet needs to certify and provide (at your expense) records confirming that your pet has been free of clinical signs, symptoms or recurrence of the pre-existing condition (or any related condition) for at least 18 months, and
- » you need to complete a 'Pre-Existing Condition Waiver Form'.

You can get a copy of that form by:

- » visiting [rac.com.au/petinsurance](https://rac.com.au/petinsurance)
- » calling us on **13 17 03**

It's up to us whether we decide to waive all or part of the pre-existing condition exclusion.

If we agree to waive the pre-existing condition, then we will send you written confirmation agreeing to cover your pet for that condition under your policy and an updated Schedule.

### What is a pre-existing condition?

Any illness or injury or any symptoms or signs of an illness or injury that your pet suffered or had in any form before your first policy started or during any applicable waiting period whether or not a vet has diagnosed or treated it. For more details see the definition on page 50.

# 4. What we pay

## Making a claim

### How to make a claim

If something happens that affects your pet:

- » call the RACQ Insurance claims team on **13 72 02**
- » for more information, visit **rac.com.au/petinsurance**

We can help you 24 hours, every day. When you make a claim, we'll tell you what you need to do to help us process your claim.

### Claim form

You can get a claim form by:

- » calling us on **13 72 02**
- » visiting **rac.com.au/petinsurance**

## Your responsibilities

### What you must do

1	Complete the claim form	You and your vet must complete the relevant sections and sign the claim form.
2	Provide a full treatment history for your pet	If it's your first claim, you need to attach a full treatment history for your pet from the attending vet and any previous vets. You don't need this report if you are making a claim under the optional benefit 'Tender Loving Care'. We don't cover any costs a vet may charge to provide information to support your claim.
3	Attach original invoices and receipts	You need to attach the original itemised invoices and receipts with your claim form. Keep a copy for your records.
4	Tell us if another policy covers your pet	You must immediately tell us if there is another insurance policy that may cover your pet.

### What you must not do

If you are making a claim you must not:

- » give us false or misleading information - if you or any other person makes a false or fraudulent claim under your policy, we can refuse to pay your claim and may also cancel your policy as allowed by law
- » admit liability to anyone.

## **Our rights**

### **What we may do**

- » We may contact your current or previous vet to:
  - > discuss any details about your claim
  - > ask for any information and/or records about your pet.
- » We may decline a claim if you or your vet refuse or are unable to give us any information we need to process your claim.

## **Things you should know**

### **Your claim can be affected if:**

- » You don't give us all of the information we need to process your claim.
- » You or your vet don't cooperate with us and refuse or are unable to give us any information we need to process your claim.
- » You don't provide the original itemised invoices and receipts for the treatment received by your pet.
- » You don't comply with any condition of your policy or Schedule.

# What we pay and how we settle your claim

## What we pay

### Illness and injury cover

Under the 'Illness and injury cover' we pay 80% of approved vet costs, less any relevant excess up to the annual limit. The annual limit of \$12,000 is the maximum we will pay for each pet in the period of insurance.

- » For example, if your approved vet costs come to \$1,000, you can claim 80% on these costs. This equals \$800 less any relevant excess. If, for example, your excess is \$100 we will pay you \$700 and you will still have \$11,300 of your annual limit available for any future claims in the period of insurance.

### Extra and optional benefits

Under the extra benefit 'Emergency boarding costs' and the optional benefit 'Tender Loving Care', we pay 100% of approved vet or other costs up to the applicable annual limit. You don't need to pay any excess under these benefits.

- » For example, under the benefit 'Tender Loving Care' you can claim your pet's council registration or microchipping. The annual limit of \$100 is the most you can claim in any period of insurance under this optional benefit.

Under the extra benefit 'Euthanasia costs' we pay 80% of approved vet costs to euthanise your pet, less any relevant excess. We pay this benefit as part of your 'Illness and injury cover' annual limit of \$12,000.

What we pay for your claim is based on the following:

- » whether your policy covers your pet's illness or injury or the treatment it receives,
- » whether the vet or other costs were required and reasonable as assessed by us,
- » the annual limit that applies to the vet or other costs you are claiming for,
- » whether any excess applies to your claim and how much your excess is,
- » other limits, specific exclusions or general exclusions that apply to your cover.

### We pay up to the annual limit

The annual limit is the maximum amount we pay for each pet under various parts of your cover during the period of insurance for all claims you make. These amounts are shown under each part of your cover in this document and on your Schedule. So if we pay you the annual limit for a specific part of your cover, then we won't reimburse any more costs under that part of your cover for the remaining period of insurance. See pages 17-21 for the limits that apply to the various parts of your cover.

## Settling your claim

- » We will settle your claim directly with you - we won't deal with or pay the vet or other service provider.
- » We will send you a letter which sets out how we settled your claim.
- » We may reduce the amount we pay you if we consider the vet costs you are claiming were unnecessary or unreasonable - see page 33.
- » If we pay you the annual limit that applies to a specific part of your cover, then we won't reimburse any more costs for that part of your cover during the remaining period of insurance. For example, if we have already reimbursed you \$12,000 for claims you made under the 'Illness and injury cover', then we won't pay you any more costs under that cover.
- » When we settle your claim, we may deduct any amount you owe us.
- » If you or any other person makes a false or fraudulent claim under your policy, we can refuse to pay your claim and may also cancel your policy as allowed by law.
- » If we pay you contrary to the policy conditions, that doesn't mean we are waiving our rights to apply your policy conditions to any paid claims or future claims for that illness or injury or any related illness or injury.
- » We also pay any extra benefits and optional benefit that apply to your claim.
- » We deduct any relevant excess from any amount we pay you.

## Dealing with claims against others

If something happens that causes illness or injury to your pet, we may:

- » take over the matter, commence or defend proceedings or settle any claim in your name - we decide how to commence, defend or settle the claim, and
- » represent you in court proceedings about any event covered by your policy.

## If you're registered or required to be registered for GST

If you're registered for GST or required to be registered for GST, then before you lodge your claim you must tell us your Australian Business Number (ABN) and the percentage of Input Tax Credits (ITCs) you are entitled to claim on your premium for the period of insurance during which the incident happened.

You must also tell us whether you would be entitled to claim ITCs and if so what percentage of ITCs you would be able to claim. We will reduce any payment we make to you for your claim by the amount of ITCs you would be entitled to.

## Excess

Your Schedule shows any excess that applies to your policy. If you make a claim, we tell you:

- » how much your excess is, and
- » when and how to pay that excess.

In some cases, we may deduct the excess from the amount we pay you.

### Basic excess

Your basic excess is the amount you pay towards your claim. It may only apply to certain claims and situations. You don't need to pay an excess when you make a claim under these benefits:

- » the extra benefit 'Emergency boarding costs'
- » the optional benefit 'Tender Loving Care'.

If you make more than one claim for the same illness or injury during the period of insurance, then your excess only applies to your first claim. You can reduce your premium if you choose a higher excess amount. Contact RAC Insurance if you want to do that.

### Claims that are less than your excess

We won't proceed with or pay your claim if the claim amount (as assessed by us) is less than the excess you need to pay.

For example, if you make a claim for vet costs of \$150 and your excess is \$200, then we won't proceed with your claim, as the excess is higher than the vet costs.

### Unreasonable vet costs

We may reduce the amount we pay you if we consider the vet costs you are claiming were:

- » for a treatment that was unnecessary
- » unreasonable, excessive or higher than the fees normally charged by a general or referral vet practice for the same treatment.

We may get a second opinion from any vet we choose to help us decide whether the treatment and fees charged were required and reasonable. We may then decide to pay your claim based on the cost of the treatment that we believe was necessary or reasonable.

# 5. What you pay

## Your premium

Your premium is the amount you pay for the cover we give you under your policy. It includes any compulsory government statutory charges, levies, duties, GST or other taxes that may apply.

### How we calculate your premium

We use a range of factors to calculate your premium. Table 2 shows some of the key factors that affect your premium.

When you change or renew your policy, we review your premium and increase or decrease it in line with any relevant changes.

**Table 2: Premium factors**

Table 2: Premium factors	
Key factor	
Age	The age of your pet may affect your premium.
Breed	Certain cat or dog breeds may be prone to genetic health problems.
Excess amount	The amount of excess you choose affects your premium.
Optional benefit	You need to pay extra for the optional benefit.
Other factors	Our claims experience and events that impact the whole insurance industry.
Species	Cat or dog.

## Premium discounts

You may be entitled to a premium discount. These will be printed on your Schedule.

We don't apply any premium discounts we give you to any compulsory government statutory charges, levies, duties, GST or other taxes that are included in your premium.

Visit [rac.com.au/petinsurance](http://rac.com.au/petinsurance) for the details of discount rates.

## Paying your premium

You can pay your premium either in one annual payment or by monthly instalments.

If you are paying:

- » annually, then you must pay by the due date
- » by monthly instalments, then you must make sure that each instalment is paid by the due date.

When you pay your premium in one annual payment your total premium will be less than if you pay it in instalments. The additional amount for payment by instalments contributes towards the increased cost of administering the instalment payment service.

You can pay your premium using your credit card or by direct debit through your financial institution.

- » If paying by direct debit, we may automatically renew your policy on the renewal date. If we plan to automatically renew, we will let you know we intend to do this before your cover ends and send you details of the renewal premium. If you do not pay the full amount of your premium or any additional amount we may charge, we may reduce the period of insurance to match the amount you have paid.
- » If you are paying your premium annually in advance and don't pay your premium by the due date shown on the Schedule, then your policy won't be valid and you won't be covered. In that case, you need to reapply for cover.
- » If you are paying your premium by monthly instalments and any instalment payment is overdue for at least 14 days, we may refuse to pay a claim.
- » If after the first instalment is paid, any following instalment is overdue by at least one month, then we will cancel your policy from the date that instalment was due.
- » If we cancel your policy, we will send a letter to your last known address which tells you why and when we cancelled your policy.

## Instalment payments

When you choose to pay by instalments, we will send you a notice advising of the first and future payment dates.

The first and future direct debit payments will be made on the due date unless that date is not a business day, when the payment will be made on the business day closest to the due date.

We will provide you with at least 14 days' notice if we change any of your instalment payment arrangements. Please contact us immediately if you believe that an unscheduled payment has been made.

When you pay by instalments you must ensure that:

- » The financial details you provide to us are correct.
- » Sufficient funds are available in your account for each instalment payment.
- » You advise us of any change to your financial details at least two business days before your next instalment payment is due.

You may contact your financial institution if you have an issue regarding your account or a direct debit.

Where an instalment payment is overdue by:

- » More than 14 days and you make a claim on your policy we may refuse to pay your claim.
- » More than one month, we will cancel your policy without notice and refuse to pay your claim.

If any of your instalment payments are rejected by your financial institution due to insufficient funds in your account or errors in your financial details, any fees that result from rejections will be payable by you.

## Cancellation of instalment payments

If you decide to cancel your instalment payment arrangement, you need to:

- » Give us at least two business days' notice.
- » Arrange with us to pay the remaining premium due.

If you have made a claim, or one has been made against you (or any other person covered by your policy) in the current period of insurance, then you may be required to pay any outstanding premium due on your policy.

### How to apply for Pay by the Month

If you would like to pay your premium by monthly instalments that are automatically deducted from your account, call us on **1317 03**.

- » if fraud is involved, treat your policy as if it never existed.

Policy	<p>Your policy includes:</p> <ul style="list-style-type: none"><li>• the Schedule</li><li>• this Combined Product Disclosure Statement and Financial Services Guide</li><li>• any issued Supplementary Product Disclosure Statement.</li></ul>

	<p>Any illness or injury or any symptoms or signs of an illness or injury that your pet suffered or had in any form before your first policy started or during any applicable waiting period whether or not a vet has diagnosed or treated it. It includes:</p> <ul style="list-style-type: none"> <li>• any cruciate ligament condition</li> <li>• any skin condition</li> <li>• a latent infectious condition that manifests within a known incubation period indicating clear evidence that the condition had existed before the first policy started or during any applicable waiting period</li> <li>• any illness or injury that is in remission when you applied for your first policy or during any applicable waiting period</li> <li>• any seasonal illness</li> <li>• an illness or injury that is currently or was previously being controlled by medication.</li> </ul>
Pre-existing condition	
Premium	<p>The amount you pay, or agree to pay, for the cover we give you under your policy. It includes any compulsory government statutory charges, levies, duties, GST and other taxes that may apply.</p>
	<p>Any illness or injury that has the same clinical signs and symptoms as a pre-existing condition.</p>
Related condition	<p>If the same illness or injury is diagnosed outside the waiting period but within the period of insurance, then we would consider it to be a related condition and class it as a pre-existing condition. As a result, we would exclude the related condition as a pre-existing condition and not cover you. For example, if your pet previously had a skin allergy on its back and then suffered a skin allergy on its belly, then we would consider the skin allergy on the belly to be a related condition and not cover it.</p>
Skin condition	<p>Any illness or injury that affects the skin (as an organ) in any way. A skin condition includes skin lumps. We treat a skin condition as one condition.</p>
Treatment	<p>The care a vet gives to your pet to relieve or cure an illness or injury. It includes reasonable and customary examinations, consultations, hospitalisation, surgery, x-rays, medication, diagnostic tests, nursing and other care and procedures. It also includes services provided under the optional benefit 'Tender Loving Care'.</p>
Vet	<p>A licensed and registered veterinarian, veterinary specialist, animal hospital, animal clinic or animal surgery.</p>
Vet costs	<p>The amount you pay a vet to treat your pet.</p>
